How to open the Windows My Documents or Documents folder

For documents that will be widely distributed, consider selecting Acrobat 4 (PDF 1.3) or Acrobat 5 (PDF 1.4) to ensure that all users can view and print the document. If you create files by using Acrobat 5 compatability or later, they may not be compatible with earlier versions of Acrobat.

Configuring Adobe PDF settings

Windows XP users can access the default company file location by navigating to C:\Documents and Settings\All Users\Shared\ Documents\Intuit\QuickBooks\Company Files. For Windows Xp users, you'll notice the Company Files folder is a Shared Document. However, Quickbooks and Windows shows this folder as a Documents in the paths and addresses. So even though it is named as a Shared Document, no one else will be able to see it, unless you give them permission of course.

How To Find a Company File In Quickbooks - My Vao
