Gender, Violence, and Human Security: Critical Feminist ...

Gender, Violence and Human Security: Critical Feminist Perspectives, goes beyond conceptualizing the impact of violence on the security of women, and provides a feminist interpretation of human security, which brings complex power relations to the fore. The intersectional analysis that this particular gendered perspective provides demonstrates that human security is a highly relevant concern for a variety of individuals.

Review of "Gender, Violence and Human Security" | ACUNS

Gender, Violence and Human Security, edited by Aili Mari Tripp, Myra Marx Ferree, and Christina Ewig, is a timely intervention into current debates over human security as an approach to (in)security, violence, and gender. The book is organised into four sections: re-theorising human security through a gender lens; a group of case studies of gendered violence; a section on policy considerations for reducing violence and increasing human security; and a conclusion drawing the major themes ...

Book Review: Gender, Violence and Human Security - Gender ...

Gender based violence as a human security issue Violence is an important human security issue and can be seen as a unique proxy to human security as it impacts at the individual level, it arises out of social relations and it impacts on freedom from fear, want and dignity. There is no universally accepted, agreed definition of violence.

Gender, violence, and human security critical feminist ...

Violence against women and girls is one of the most prevalent human rights violations in the world. It knows no social, economic or national boundaries. Worldwide, an estimated one in three women will experience physical or sexual abuse in her lifetime. Gender-based violence undermines the health, dignity, security and autonomy of its victims, yet it remains shrouded in a culture of silence.

The Consortium on Gender, Security and Human Rights

Violence against women and children in South Africa needs urgent attention and the private sector has a key role to play. Underlying high levels of domestic violence is persistent gender inequality and harmful use of alcohol, compounded by rising unemployment and poverty. The cost of domestic violence to the country's economy and society are enormous. [...]
