The Holden 6 blue motor ports are around 6mm larger in height than the red motor ports. You cant fit the red motor manifold so you will either need to stick with the std varijet manifold or use an aftermarket manifold like the AussieSpeed that is designed for a blue/black performance engine, other wise it is like running around with a plastic bag on ya head..

308 Red Motor

History of the Holden V8 part one: Red motor 253/308. After February 1984 (VK series) the 308 engine block casting designation changed to 5.0, and the 253 was dropped. In August 1984 Holden reduced the stroke of the 308 engine by 40thou (1mm), giving a capacity of 4997cc (304ci). This change involved a new crankshaft, rods, pistons and cam.

History of the Holden V8 part two: 1980-2000

Holden Crate Engines. Record Setting Street and Race Engines. Guaranteed to make the advertised horsepower figures with 98 octane pump fuel. These are our most popular Holden engines, but we can design and construct a custom engine for any application from street to competition, please call to discuss your project.
