The Holden Colorado is actually a rare exception: it's way better than the Isuzu, and a real contender in the ute market. The powertrain in particular is better - offering substantially more torque at all the revs that matter from the Holden. You also get a six-speed auto on the Holden versus five on the Isuzu. And the Holden looks better.

The new D-Max represents a full generational change and, importantly, is an all-Isuzu design whereas the previous generation D-Max started life as a joint venture with General Motors. Before that, Isuzu always designed its own utes from the ground up anyway (rebadged here as the Holden Rodeo ), so this new model is a return by Isuzu to doing what it has traditionally done.
