The Sanyo Corporation manufactures a wide range of products for homes and businesses, including air conditioners. Sanyo air conditioners use R-410a refrigerant and a DC inverter technology, both of which are environmentally friendly and energy-efficient. A Sanyo air conditioner should work well under normal operating conditions.

Troubleshooting Sanyo Air Conditioners | Hunker

When we buy new device such as Sanyo KMS2472 we often through away most of the documentation but the warranty. Very often issues with Sanyo KMS2472 begin only after the warranty period ends and you may want to find how to repair it or just do some service work.
