The Making Of The English

The Making of the English Working Class is a work of English social history written by E. P. Thompson, a New Left historian. It was first published in 1963 and revised in 1968 by Victor Gollancz Ltd, republished by Pelican and became an early Open University set book. It concentrates on English artisan and working class society "in its formative years 1780 to 1832".

The making of the English working class - E. P. Thompson

The period of Modern English extends from the sixteenth century to our own day. The early part of this period saw the completion of a revolution in the phonology of English that had begun in late Middle English and that effectively redistributed the occurrence of the vowel phonemes to something approximating their present pattern.

Changes in orthographic norms slowed considerably, and Modern English was left with a spelling system from an earlier period of its history: essentially it is a normalized Middle English system. The result is a set of letter-to-sound mismatches greater than those of elsewhere in Europe, even in some respects greater than those of French, whose spelling was codified a little later.
