Most ebook files open on your computer using a program you already have installed, but with your smartphone, you have to have a specific e-reader app installed, which your phone probably doesn't come with by default. You can use an e-reader app on your computer, too, to make reading and organizing your ebooks easy.

Whoever saw the need
for such a TM clearly
threw caution to the
wind, or, more
impolitely, was a stupid
idiot. It is way far to
late to do anything
about it, unfortunately.
